

**AMENDED
PROPERTY TAX APPEAL BOARD'S DECISION**

APPELLANT: Thomas Weaver
DOCKET NO.: 04-20541.001-C-1
PARCEL NO.: 11-32-108-010-0000

The parties of record before the Property Tax Appeal Board are Thomas Weaver, the appellant, and the Cook County Board of Review.

The subject property is improved with a three-story, apartment building containing 24,550 square feet of building area. The building was constructed in 1923 and is located on a 11,180 square foot site in Rogers Park Township, Cook County.

The appellant contends unequal treatment in the assessment process as the basis of the appeal. In support of this inequity argument the appellant submitted a grid analysis with three comparable properties. The appellant submitted the final decision issued by the Cook County Board of Review establishing a total assessment for the subject of \$276,296. The appellant depicts the subject's improvement assessment of \$259,505 or \$10.57 per square feet of building area. Based on this evidence the appellant requested the subject's improvement assessment be reduced to \$153,209 or \$6.24 per square feet of building area.

The board of review did not submit its "Board of Review Notes on Appeal" or any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	16,791
IMPR.:	\$	160,876
TOTAL:	\$	177,667

Subject only to the State multiplier as applicable.

the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant's argument was unequal treatment in the assessment process. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has overcome this burden.

The appellant presented assessment data on three equity comparables that were generally similar to the subject in design, exterior construction and age. The Board does find that the appellant's comparable 1 is much larger in size than the subject and comparable 3 is located 5 blocks away from the subject, while comparable 2 has a land-to-building ratio almost twice that of the subject. They had improvement assessments ranging from \$90,747 to \$306,304 or \$4.34 to \$7.07 per square foot of building area. The subject's improvement assessment of \$10.57 per square foot is above the range established by the comparables contained in this record. Additionally, the appellant disclosed the subject property was the subject matter of an appeal before the Property Tax Appeal Board the prior year under Docket No. 03-22983.001-C-1. In that appeal, the Property Tax Appeal Board issued a decision based upon an agreement of the parties to the appeal reducing the assessment to \$205,000, which reflects a market value of approximately \$683,333 using the 2003 Cook County Real Property Assessment Classification Ordinance level of assessments for class 3 property of 30%. Based on this record, the Board finds that the subject's estimated market value as established in the prior year's appeal is appropriate, and the 2004 Cook County Real Property Assessment Classification Ordinance level of assessments for class 3 property of 26% shall apply.

The board of review did not submit any evidence in support of its assessment of the subject property or to refute the appellant's argument as required by Section 1910.40(a) of the rules of the Property Tax Appeal Board and is found to be in default pursuant to section 1910.69(a) of the rules of the Property Tax Appeal Board. After considering adjustments and the differences in the suggested comparables when compared to

Docket No. 04-20541.001-C-1

the subject property, the Board finds the subject's per square foot improvement assessment is not supported by the most comparable properties contained in the record and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
